Communication Problems

RAY GUN PROOF-MS

How do we make an effective skill, need to know strength of the key?

Someone needs to know this... find it out.

Designs need to know what it is.

Define the human resources we have

Build a Management Structure.

What happens if everyone wants to be in charge?

Everyone will die!

Take the majority.

Everyone's views count.

What about disagreements?

Choose a leader by a vote

2 Leaders. Design Client. Assistant Supervisor.

Scheduled meetings

Triple feedback?

Brief updates.

Internet still works

Can start a blog to communicate plans.

What if the design team makes a mistake?

Both leaders work as clearly as possible

Clear information

Initial meetings

Product Test / Quality Test

Get everyone & design as a group.

MIRRORED? Is it a good idea?

Work client & design team.

Knowledge base

Power? Online Library

Do it Right / Do it Once.

Designs need Approval at each stage of design

Effective Delegation

Specific + Clear

Measurable.

Time keeping

Always

This will help our design

Make sure leaders are all clear + are good Delegates.
