Dear Sir or Madam

First of all, thank you for the opportunity to take part in this programme. I would like to take part in this programme as I think it would be a great chance for me to get more experience working with other, more experienced designers. It would definitely help me improve on my own professional and personal skills. Working in a team with people in other design areas would definitely be of benefit for me as I could learn how they work and it would give me an opportunity to learn the different processes and maybe even implement them in my own work.

I have seen some of the work that was produced in previous years and it would be awesome to be a part of that.

I really hope you consider me to be a part of this great project

Kind regards

Ariel Flores Silva
