

HELLO!

With my two years of hard working experience in graphic design at University of Greenwich, I am confident that I would be successful at the great experience that you are currently offering.

I understand that Young Design Programme is looking for students who are creative and able to work hard as a team. I also understand being able to participate in this great experience will give me opportunities to develop my design skills and get a chance to know the real world of this industry. All of these benefits would lead me to a bright future in my career.

I often find myself being more creative and inspired when I work as a team. Being able to work with other designers would be the fascinating experience and it would be exciting to know what I as part of team could create at the end of project.

I like to create something unique.

Designer's information

I am a self-motivated, hardworking
designer. I often find my inspiration from
other designers or artist's work, everyday
life and even my dreams. I am good at
managing time and can meet deadlines in
a busy environment. I like challenges and
I push myself to create something I have
never tried before.
